 A.P.17 A.P.17 A.P.19

Physical Description: 4 Document boxes

By: Anne Morgan

Date: May 22, 2013

SCOPE AND CONTENT

This collection consists of archival material related to archaeology projects and research related projects not directly connected to a specific Accession Number. It includes slides from unknown IVC archaeology field classes, reports and photographs on archaeology sites and excavations which may later be connected to specific Accession Numbers, and information useful to projects and research related to other series. If projects are later able to be connected to specific Accession Numbers, the folders will be moved to keep the information together with the Accession Number.

PROCESSING NOTE

The artifacts that make up the IVDM's Projects collection were brought into the Imperial Valley Desert Museum from the Imperial Valley College's temporary storage facility between January 20, 2013 and May 21, 2013. All artifacts from these collections have been placed into archival quality folders and boxes, inventoried, relabeled, and stored in IVDM Room 114.

CATALOGING NOTE

The archival materials in this collection have been processed according to the order in which they were found. They have been given Archival Accession Numbers, the first two letters relating to the collection (Archives Projects =A.P.) the number to be in numeric order as archives are processed (ex: A.P.1, A.P.2).

Organization

This archival series is organized in the order which it was found and processed. Any time multiple folders are used, they are marked with the number of folders required. Ex: 1/3.

Detailed Description of Collection

Box 1	A.P.1- A.P.9
Box 2	A.P.10- A.P.12
Box 3	A.P.13
Box 4	A.P.14- A.P.19

ACCESS AND USE

The materials in this collection may be accessed and used according to the approved guidelines outlined in the Imperial Valley Desert Museum Collection Policies.

Box List
